

# POSTDOCTORAL CLINICAL RESIDENCY IN COGNITIVE AND BEHAVIORAL PSYCHOLOGY

## A DAY AT NBI...

A typical day for a post-doc at NBI consists of providing skills-based trainings, groups, individual and family/parenting sessions. The staff meets regularly to review cases and support one another, in a collaborative team-based environment where learning from one another and guest speakers is accelerated. The Board Certified and well-recognized Chief Clinical Officers as well as Clinical Directors are directly connected with the training process and are readily available for supervision or consultation.

## WHY NBI?

- ✔ We promote trainees' professional development and their possibilities for future employment
- ✔ Learn from dedicated and experienced team members in a great work environment
- ✔ Work with different levels of care: outpatient, intensive outpatient, and residential program
- ✔ Work with patients from all over the world and the US in a multicultural and multilingual environment
